Jason Hollister, Board member  
Matthew White, Board member  
Dave Opalka, Board member  
Atty. Anthony Magnotta, Solicitor

## Important notice from the Sewer Authority

### **Maintenance coverage:**

The Sewer Authority is responsible for maintenance from the grinder pump to the curb stop.

### **Homeowner responsibility:**

If a maintenance call reveals that the problem is due to homeowner actions or negligence, the homeowner will be responsible for the full cost of the repairs.

### **After-hours service charges:**

If service is required outside of Urban Electric's regular hours (7:00 AM to 3:30 PM Monday through Friday) the homeowner must pay the difference between regular service rate and the applicable overtime or emergency rate.

### **Urban Electric current rates:**

- 🕒 Regular Rate: \$102.50
- ⌚ Overtime Rate: \$153.75
- ⚡ Double-time Rate: \$205.00 (applies to Sundays and holidays)

**\*\*Rates are subject to change\*\***

### **Example:**

If service is needed during overtime hours:  
 $\$153.75 - \$102.50 = \text{\$51.25}$  per hour.

### **Optional Scheduling:**

To avoid additional charges, **customers may choose to wait until the next regular business day** for non-emergency issues.

If you're unsure whether immediate service is necessary, please contact **Urban Electric** at (570) 342-0907 for assistance in determining the best option.

Accounts **not in good standing** will be billed in **full** for any grinder pump repairs. Payment is due within 30 days to avoid legal action. Additionally, if your account is in good standing but the Authority discovers **any prohibited items** during a repair or pump replacement, you will be charged the **full cost** of the repair. We appreciate your prompt attention to your account to avoid any extra charges.

Thank you,
